

**Bee School 2019 – Registration**  
**Beginner Beekeeping Course**  
**By Norfolk County Beekeepers Association**

Our course is designed for people who wish to gain an understanding of honeybees, bee biology and beekeeping practices in order to begin the fascinating art of beekeeping. Those who are just curious or are as yet unsure about beginning this endeavor are also encouraged to enroll. The classes are held on Tuesday night, beginning at 7:00 pm and ending between 9 and 9:30. Bee School runs from January until the end of March. Dates for 2019 are: January 15, 22, and 29; February 5, 12, 26; March 5, 12, 19, 26. Classes will be held at the Norfolk County Agricultural School in the Main Auditorium, 400 Main Street, Walpole, MA. Classes will be in the form of lectures, presentations, and hands-on & group sessions.

Tuition is \$80.00 per person and \$20 for one additional family member from the same household. The tuition includes handouts, beekeeping equipment supply catalogues, and nine classroom sessions. All family members attending must register and attend classes. Space is limited so we need to make sure that everyone who signs up plans on attending. In addition, the tuition covers the cost of a one-year membership in the club. *(If you are a club member in good standing and took bee school previously you can take the class as a refresher for free)*

The class limit is 110. If any registration form is received after the number of 110 students has been reached your check will be returned and you will be placed on a waiting list.
