

Bee School 2012  
Registration form  
Beginner Beekeeping Course  
Hosted by Norfolk County Beekeepers Association

Our course is designed for people who wish to gain an understanding of honey bees, bee biology and beekeeping practices in order to begin the fascinating art of beekeeping. Those who are just curious or are as yet unsure about beginning this endeavor are also encouraged to enroll. Classes will consist of nine weekly meetings. The classes are held on Tuesday night, beginning at 7:00 pm and ending around 9 or 9:30. Bee School runs from February until the beginning of April. Dates are: February 7, 14, 28; March 6, 13, 20, 27; April 3, and 10. Classes will be held at the Norfolk County Agricultural School cafeteria, 400 Main Street, Walpole, MA, with some classes as lectures and others hands-on style with participation in assembling beekeeping equipment. In addition to the above, there will be one field demonstration in April on installing a package of bees into a new hive.

Tuition is \$50.00 per person or family. All family member must register and attend classes. Space is limited so we need to make sure that everyone who signs up plans on attending. The tuition includes beekeeping equipment supply catalogues, and related hand outs. There will be no course book, but we will provide you with a list of recommended reading materials.

Please check our website: [www.norfolkbees.org](http://www.norfolkbees.org) for class schedule updates, weather cancellations, and other information.
